## Activities

- Head of the Ecological Civilization Publicity Group of Southwest University 2017-2019  
Leading the ecological civilization publicity group to give speeches at various environmental protection theme activities and environmental earth conferences in Chongqing, and to give lectures to various primary and secondary schools in Chongqing. Our main responsibility is to promote the concept of ecological civilization and environmental health. It is unique among the university propaganda groups in Chongqing and is one of the characteristics of Southwest University.
- Deputy Director of the Social Practice Department of the Communist Youth League of Southwest University 2017  
Responsible for the Sanxiangxiang activities of Southwest University, from application to organization, to final selection and results display. The best works are selected from thousands of teams and pushed to the municipal and national review. It takes a year from the preparation of the three times to the start of the project to the final result review. In this year's work, we kept up with the progress of the project. We carried out various aspects from the municipal level, the school, and the student/scholar team. Coordination and communication, project promotion, operation and liaison online and offline ensured the smooth progress of the event.
- Officer, Social Practice Department, Communist Youth League, Southwest University 2016  
Responsible for the organization and liaison work of the Sanxiangxiang activities, as well as the 110th anniversary of Southwest University. In the celebration activities, on the one hand, it is responsible for welcoming alumni back to school, holding alumni party, and on the other hand, responsible for the celebration party, mainly responsible for the host's invitation, wording and dressing.
- Director of the Department of Recreation, School of Resources and Environment, Southwest University 2016  
Responsible for the college's freshmen's welcome party and graduation evening, as well as major college conferences such as welcoming foreign guests and scholars. In the welcome event, he participated in the welcoming meeting of Yuan Longping back to school. In the preparation of the party, he is mainly responsible for sponsorship and personnel contact.
- Branch of the Environmental Engineering Professional Committee of the School of Resources and Environment, Southwest University 2016-2019  
Responsible for all the group activities of the Youth League branch, once organized the group branch application and entered the school key group day project, and won the honorary title of the excellent key group day project team.
